His Excellency António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

I am pleased to confirm that World Fuel Services Corporation officially supports the Ten Principles of the United Nations ("UN") Global Compact on human rights, labor, environment and anti-corruption. World Fuel Services intends to implement these principles within our sphere of influence and in our strategy, culture, and day-to-day operations, including engaging in collaborative projects that advance the broader development goals of the UN, and in particular the UN Sustainable Development Goals.

As part of our participation in the UN Global Compact and support for public accountability and transparency, within one year of joining the UN Global Compact, we commit to submit our first Communication on Progress ("COP") that will describe our efforts to implement the Ten Principles, and to submit such COPs annually thereafter. Our COPs will include:

- A signed statement expressing our continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles;
- A description of the practical actions – such as policies, procedures, and/or activities – that we have taken or plan to undertake to implement the UN Global Compact principles in the areas of human rights, labor, environment and anti-corruption; and
- A measurement of our outcomes – such as the degree to which our targets and performance indicators were met and/or other qualitative or quantitative measurements of our results.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Kasbar".

Michael J. Kasbar
Chairman, President and Chief Executive Officer
World Fuel Services Corporation
